

Boehringer Ingelheim

Would like to cordially invite you to attend a seminar on

“Simple Steps to Effective Infectious Disease Control”

-Methods to help minimize Canine Parvo Virus and Feline Distemper and Upper Respiratory Diseases

Featured speaker

***Le Mac Morris, DVM, MPH, Diplomate ACVPM
Veterinary Preventive Care Consultant***

Dr. Morris has worked in many aspects of veterinary medicine—as a practice owner, an adjunct instructor for the Center for Food Security and Public Health, a field veterinary consultant, and now as an independent consultant for Veterinary Preventive Medicine Services. His special interest is in companion animal infectious disease control, where he has developed Biological Risk Management methods for minimizing infectious diseases in veterinary hospitals and animal shelters

The Meeting will be held

Tuesday, July 20th at

***Circle City Veterinary Specialty & Emergency
Hospital***

9650 Mayflower Park Drive, Carmel

(I-465, take Michigan Rd exit, go North to 96th St, Turn left)

Registration: 6:30 pm
